

Fall River Rural Electric Cooperative, Inc.

1150 North 3400 East

Ashton, Idaho 83420

Tariff

Effective for the state of

Idaho, Montana and Wyoming

NET METERING SERVICE

Rate Code: 41

Applicable:

To any member/owner that owns and operates a solar, wind, biomass or hydroelectric generating facility with a capacity of not more than twenty-five (25) kilowatts that is located on the member/owner's premises, is interconnected and operates in parallel with Fall River's existing transmission and distribution facilities, and is intended primarily to offset part or all of the member/owner's own electrical requirements.

Definitions:

Net Metering means measuring the difference between the electricity supplied by Fall River and the electricity generated by an eligible member/owner and fed back to the electric grid over the applicable billing period.

Monthly Billing:

The Line and System Maintenance Charge shall be computed in accordance with the monthly billing of the applicable standard service tariff.

Special Conditions:

1. If the electricity supplied by Fall River exceeds the electricity generated by the member/owner, the prices specified in the Energy Charge section of the monthly billing of the applicable standard service tariff shall be applied to the positive balance owed to Fall River.
2. If the electricity supplied by the member/owner exceeds that supplied by Fall River, the member/owner shall be billed for the appropriate monthly charges and shall be credited for such net energy with the kilowatt-hour credit appearing on the bill for the following month.
3. Each year on May 1, Fall River will pay for any remaining unused kilowatt-hour credit accumulated during the previous year at Fall River's average cost of wholesale power per kilowatt-hour over the prior calendar year.
4. The member/owner is responsible for all costs associated with her/his facility, and is also responsible for all costs related to any modifications to the facility that may be required by Fall River for the purposes of safety and reliability.

NET METERING SERVICE - Continued

Rate Code:

Special Conditions Continued:

5. A Net Metering facility shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and the Underwriters' Laboratories.
6. Fall River shall not be liable directly or indirectly for permitting or continuing to allow an attachment of a net metering facility, or for the acts or omissions of the member/owner that cause loss or injury, including death, to any third party.

Rules:

Service under this Schedule is subject to the General Rules contained in the tariff of which this Schedule is a part, and to those prescribed by regulatory authorities.
