Heating System:			

Fall River Electric is offering incentives to improve the insulation in your **existing single family or manufactured home with primary any electric heat** (This includes electric forced air furnace, radiant ceiling cable, baseboard, electric wall, electric boiler/hot water hydronic radiant, electric heat pump, or ductless heat pump).

To receive your rebate, simply follow these steps:

- Step 1: Contact Fall River Conservation Specialist.
- Step 2. Arrange for a pre-installation inspection (requires pre-install approval prior to all installations).
- Step 3. Install insulation as per specifications.
- Step 4. Arrange for post-inspection inspection.
- Step 5. Make any necessary corrections to installation & arrange for re-inspection
- Step 6: Provide Fall River Electric with a copy of the installed insulation invoice.

Fall River Electric Representative Use Only					
Location	Existing R Value	Installed R Value	Sq. Ft	\$/Sq.Ft.	Member Rebate
Attic					
Floor					
Wall					
Rebate amounts are per square foot of the project, or the actual cost of the project, whichever is less.				Total Rebate	

Purchases must be made after 10/1/2025 and installed in FRE service territory to be eligible. All incentives are subject to availability and may change at any time. FRE reserves the right to inspect for program compliance. By signing, the Member certifies that the above information is true and accurate to the best of their knowledge.
