Email	Installed date		

To qualify for a Line-Voltage Thermostat rebate from Fall River Electric, the member must replace bi-metal line-voltage thermostats in an existing electric zonal heated home (This includes radiant ceiling cable, baseboard, wall, or electric boiler/hot water hydronic radiant systems).

Requirements and Specifications of the Thermostat:

- Have a digital display
- Be electronically line-voltage type
- Have a thermistor temperature sensing element that is accurate to within 1.5° or better
- Be UL or CSA listed
- Programmable thermostats must maintain temperature and program setting during power failures, and have a temporary override feature
- Provide Fall River Electric with a copy of the installed thermostat(s) invoice, showing manufacturer and model number.

NEW EQUIPMENT INFORMATION

Quantity	Manufacturer	Model #	Member Rebate \$15.00 Per unit	Total Rebate
