Fall River Electric is offering incentives for window replacement in **existing single family or existing manufactured homes with primary electric heat** (This includes electric forced air furnace, radiant ceiling cable, baseboard, electric wall, electric boiler/hot water hydronic raditant, electric heat pump, or ductless heat pump).

To receive your rebate, simply follow these steps:

Step 1. Contact Fall River Conservation Specialist.

Step 2. Arrange for a pre-installation inspection (requires pre-install approval prior to all installations).

Step 3. Install qualifying window(s) or patio(s).

Prime window replacement must meet requirements and have a qualifying U-Factor.

Replacement that results in increased window area is not allowed under this program.

Step 4. Arrange for post-inspection inspection.

Step 5. Provide Fall River Electric with a copy of the installed window(s)/patio door(s) invoice, showing the NFRC rating or NFRC stickers showing the U-Factor rating for each window(s) or patio door(s).

Example of NFRC sticker

Fall River Electric Representative Use Only				
Existing Window or Patio Door Condition	U-Factor	Member Rebate per Sq. Ft.	Total Sq. Ft.	Member Rebate
Single pane window, any frame type or double pane window, metal frame type	0.30	\$4.50		
Single pane door, any frame type or double pane door, metal frame type	0.35	\$4.50
